AIR TRAFFIC SIMULATION AND VOICE TECHNOLOGIES

UFA, INC. IS EXHIBITING AT THE WORLD ATM CONGRESS IN MADRID, SPAIN FROM MARCH 7 TO MARCH 9, 2017

Burlington, MA, February 01, 2017 – [UFA, Inc.](http://www.ufainc.com) (UFA), a leading provider of Air Traffic Simulation and Voice Technologies, announced today that it is exhibiting its training and simulation solutions at the 5th annual World ATM Congress in Booth 882. Aviation professionals from around the world will be participating in the congress held at IFEMA, Feria de Madrid, in Madrid, Spain from March 7 to March 9, 2017.

The World ATM conference provides a platform for UFA to showcase its state of the art simulators such as ATCoach® and ATTower®. This year the company will be demonstrating its latest innovations including ATCloud™ which delivers anywhere, anytime UFA training solutions over the cloud environment. “The World ATM Conference in Madrid has always been a great venue for us to exhibit our latest products and meet professionals looking for the best solutions for ATM operations and training,” says CEO David Wolff. “The event draws professionals from all over the world and provides a dynamic environment to exchange ideas and form new relationships.” UFA has been an active participant in the World ATM Congress since its inception.

About UFA, Inc.

Headquartered in Burlington, MA, UFA specializes in simulation and voice technologies and services for Air Traffic Management (ATM). UFA’s products and services are used by leading Air Navigation Service Providers (ANSP’s), Civil Aviation Authorities, Militaries and Educational institutions worldwide. Customers include the US Federal Aviation Administration (FAA), United States Military, Belgian Military, DFS Germany, DGAC/DSNA France, EUROCONTROL, LVNL Netherlands, NAV CANADA, Malta ATS, CAD Hong Kong, CAAC China, and many other organizations. The company’s wholly owned German subsidiary, ATCSim GmbH, is located in Mainz and Kaufbeuren, and also operates the ATCSim Innovation Center in Bavaria, Germany.

About World ATM Congress

World ATM Congress (www.worldatmcongress.org) combines a large-scale exhibition, world-class conference, and premier networking opportunities with the chance to learn the latest air traffic trends and developments. World ATM Congress is organized for the industry, by the industry. Produced by CANSO in association with ATCA, it is backed by leading air navigation service providers and industry suppliers.
